**Subject:** RE: Utility Cap on George St

Good morning Kim,

Your contractor can cap the line with a solid cap. We will send someone out from our organization just to verify at no charge. Please feel free to share my contact information with the contractor that is awarded the job and we can work with them to be on site when they cap the line.

Let me know if you need any further information.

Thanks,

Dave Boore

**EXTERNAL EMAIL:** The Actual Sender of this email is [KHogeman@YCEAPA.org](mailto:KHogeman@YCEAPA.org) "Think before you click!".

Good afternoon David,

I am representing the YCIDA in an upcoming demolition project at 319-335 N George St, York PA 17401. We will need to cap all utilities at the site, preferably under the sidewalk.

What is your preferred procedure to plug the sewer lines under the sidewalk, and how those charges would be handled?

Please advise ASAP. We are currently out to bid and I would like to move this forward and clarify to the bidding contractors.

Thank you in advance for your guidance,  
Kim
