

FY 2023 RAISE Project Information Form - All Fields Required

****DO NOT CHANGE FILE NAME, COPY/PASTE, OR PDF THIS DOCUMENT WHEN SUBMITTING TO AVOID PROCESSING ERRORS****

Field Name	Response	Instructions
Project Name	Codorus Greenway	Enter a concise , descriptive title for the project. This should be the same title used in the Grants.gov SF-424 submission and the application narrative.
Project Description	The project will construct 0.92 miles of greenway trail along the Codorus creek completing an essential missing link for residents to access downtown and the regional trail network. The project also includes critical upgrades to flood control infrastructure.	Describe the project in plain English terms, using no more than 100 words . For example, "The project will fund construction activities for streetcar service from location X to location Y" or "the RAISE grant will redevelop Main street with Complete Streets enhancements, ADA accessible sidewalks, and dedicated bicycle paths from 10th street to 25th street." Do not describe the project's benefits, background, or alignment with the selection criteria in this description field.
RAISE Amount Requested	\$15,000,000	Enter the total amount of RAISE funds requested for this project in this application. <i>[See NOFO Section B.2 for minimum and maximum award size]</i>
Total Project Cost	\$30,000,000	Enter the total cost of the project . This should equal the sum of Total Federal Funding and Total Non-Federal Funding. <i>This value may not be less than the amount requested.</i> <i>Total Project cost means future eligible costs. This cannot include any previously incurred costs.</i>
Total Federal Funding	\$15,000,000	Enter the amount of funds committed to the project from ALL Federal sources including the proposed RAISE amount . <i>This value may not be less than the amount requested.</i> For applications designated as urban , Federal funding cannot exceed 80% of total project cost unless the project is located in a Historically Disadvantaged Community or an Area of Persistent Poverty as defined in the RAISE NOFO. For applications designated as rural , there is no limit to the share of Federal funding.
Total Non-Federal Funding	\$15,000,000	Enter the amount of funds committed to the project from non-Federal sources . For applications designated as urban , the total non-Federal funding amount must be greater than or equal to 20% of the total project cost, unless the project is located in a Historically Disadvantaged Community or an Area of Persistent Poverty as defined in the RAISE NOFO. For applications designated as rural , there is no minimum non-Federal share requirement.
Capital or Planning	Capital	Identify the project as capital or planning . The " capital " designation is for projects that requesting funding for the construction of surface transportation capital infrastructure. <i>(Right-of-way acquisition is capital. Projects that include pre-construction AND right-of-way acquisition, but do not include construction activities will be classified as capital).</i> The " planning " designation is for projects that are requesting funding for planning, preparation, or design of eligible surface transportation capital projects.
Urbanized Area	York, PA	Select the Urbanized Area of the project from the drop down, or if the project is located outside an urbanized area, please select "Not located in an Urbanized Area". Reference the "Urban or Rural Designation" tab in this file for assistance. For more information, see https://www.transportation.gov/RAISEgrants/urbanized-areas . <i>Note: The RAISE 2023 urban/rural designation applies 2010 Census Urbanized Areas since 2020 Census Urbanized Areas have not been published at time of NOFO publication.</i>
Urban/Rural	Urban	Identify whether the project is located in a rural or urban area , using the drop-down menu. For RAISE 2023, a project is designated as urban if it is located within (or on the boundary of) a Census-designated urbanized area that had a population greater than 200,000 in the 2010 Census. If a project is located outside a Census-designated urbanized area with a population greater than 200,000, it is designated as a rural project. Reference the "Urban or Rural Designation" tab in this file for assistance. For more information, see https://www.transportation.gov/RAISEgrants/urbanized-areas . <i>Note 1: The RAISE 2023 urban/rural designation applies 2010 Census Urbanized Areas since 2020 Census Urbanized Areas have not been published at time of NOFO publication.</i> <i>Note 2: This designation is based on the Urbanized Area. It is NOT based on the city or county population count.</i>
Project Location Zip Code	17401	Identify the 5-digit zip code of the project location . If the project is located in more than one zip codes, please identify the zip code in which the majority of the project is located. If the project is in a territory that does not have zip codes, leave this field blank. <i>Project location zip code is NOT the applicant organization zip code.</i>
Project Location County	PA - York County	Identify the county where the project is located in using the drop-down. If the project is located in more than one county, please identify the county in which the majority of the project is located. If the project is in a territory that does not have county designations, leave this field blank.
Additional Project Counties		Identify additional counties separated by a comma . For instance, if the project additionally runs through Polk County and Butler County, please enter 'Polk County, Butler County' in the cell. If the project is in a territory that does not have county designations, leave this field blank.
Project Location Census Tract		Identify the census tract number of the project . For example, if the most central tract is Census Tract 93.30, please enter '93.30' into the cell. The last zero may be missing from your response (e.g., 93.30 may display as 93.3). If the project is located in more than one census tract please identify the census tract in which the majority of the project is located. If the project is in a territory that does not have census tract designations, leave this field blank. Please visit USDOT's RAISE webpage (https://www.transportation.gov/RAISEgrants/raise-app-hdc) to review a full list of census tracts by state and county to identify.
Other Project Census Tracts	'1,11,10,15,16,105.10'	Identify other census tracts in which the project is located, separated by a comma . For example, if the project is located in Census Tract 93.31, Census Tract 93.32, and Census Tract 94.03, please enter '93.31, 93.32, 94.03' into the cell. If the project is in a territory that does not have census tract designations, leave this field blank.
Project Located in an Area of Persistent Poverty?	Yes- Project is located in a Census Tract that meets the definition	Identify if the project is located in an Area of Persistent Poverty based on the definition in the NOFO. The list of counties and census tracts and areas that meet this definition can be found on USDOT's RAISE webpage (https://www.transportation.gov/RAISEgrants/raise-app-hdc).
Project Located in a Historically Disadvantaged Community?	Yes- Project is located in a Census Tract that meets the definition	Identify if the project is located in a Historically Disadvantaged Community based on the definition in the NOFO. The list of census tracts and areas that meet this definition can be found on USDOT's RAISE website. (https://www.transportation.gov/RAISEgrants/raise-app-hdc).
Project Location Latitude	39.95763	Provide the project's latitude coordinates . For projects that are not located at a single set of coordinates, please provide a centralized set of coordinates. Tools such as Google Maps, Google Earth (https://earth.google.com/web) or GEOJSON (https://geojson.io/#map=2/0/20) are recommended to identify the project's coordinates.
Project Location Longitude	-76.73259	Please provide the project's longitude coordinates . For projects that are not located at a single set of coordinates, please provide a centralized set of coordinates. Tools such as Google Maps, Google Earth (https://earth.google.com/web) or GEOJSON (https://geojson.io/#map=2/0/20) are recommended to identify the project's coordinates.

Project Type	Bicycle/Pedestrian - Trail	Identify the Primary and Secondary project type combination that most closely aligns with your project from the choices in the drop-down menu. See the "Project Types" tab in this file for further information and project type definitions.
US DOT FY23 Discretionary Application?	no	If the applicant has or will submit this exact project to another FY 2023 USDOT discretionary grant program , please list the name of the program(s).
US DOT FY22 Reconnecting Communities Program Identical Application Submission?	No	If this exact project was submitted in the FY 2022 Reconnecting Communities Program , select "Yes" from the drop-down menu.
US DOT FY22 Reconnecting Communities Program "Reconnecting Extra Designation"?		If your RAISE 2023 application was submitted in the FY2022 Reconnecting Communities Program AND you were notified you received the designation of "Reconnecting Extra" , select "Yes" from the drop-down menu. If you are not sure, or this does not apply to you, please leave blank.
Previous Submission to TIGER/BUILD/RAISE	RAISE 2022	If this exact project was submitted in a previous TIGER, BUILD, or RAISE round, please list the name(s) of the round(s) (e.g. TIGER 2015, BUILD 2019, RAISE 2022).
Other Federal Agency Assistance?	Federal Lands Access Program	If this project has applied for another Federal (non-USDOT) financial assistance or capacity-building program , please list the name of the program(s).
Tribal Government?	No	Select "Yes" from the drop-down menu if the applicant is a Federally recognized tribal government .
Tribal Benefits?	Not Applicable	If the applicant is not a Federally recognized tribal government , is the project located on tribal land? And if not, does it have direct tribal benefits? Answer using the drop-down menu.
Private Corporation Involvement	No	Does this project involve (a) private entity(ies) that will receive a direct and predictable financial benefit if the project is selected for award? This includes, but is not limited to, private owners of infrastructure facilities being improved and private freight shippers or carriers directly benefitting from completion of the proposed project.
Private Corporation Name(s)		If this project directly involves or benefits a specific private corporation , please list the corporation(s) separated by a comma.
TIFIA/RRIF?	No	Is the project currently, or does this project anticipate applying for Transportation Infrastructure Finance and Innovation Act (TIFIA) or Railroad Rehabilitation & Improvement Financing (RRIF) loans? See https://www.transportation.gov/buildamerica/ for more details.
Department Financing Program?	No	If your application is unsuccessful, would you like to be contacted about the Department's financing program ?

Instructions: Identify whether your project is located in an urban or rural area based on the descriptions outlined in the Notice of Funding Opportunity.
Below includes a list of 2010 census-designated Urbanized Areas by population

Urban: For FY 2023, a project is designated as urban if it is located within (or on the boundary of) a Census-designated urbanized area that had a population greater than 200,000 in the 2010 Census.		Rural: For FY 2023, a project located outside any Census-designated urbanized areas is rural, OR a project located within a Census-designated urbanized area but that urbanized area has a population less than 200,000 is designated as a rural project.	
Urbanized Area with Population GREATER than 200,000= URBAN	Population Size (2010 Census Bureau)	Urbanized Area with Population LESS than 200,000= RURAL	Population Size (2010 Census Bureau)

Instructions: Identify the "Primary" and "Secondary" project types that most closely align to your project using the below project type definitions.

Note that secondary project types align only to the designated primary project type listed above them.

Primary Project Type Definitions

Road	The project primarily serves to improve motor vehicle infrastructure, including personal automobiles and commercial trucking projects.
Transit	The project primarily serves to improve public transportation infrastructure, including bus, bus rapid transit, streetcar, light rail, subway, and commuter rail projects. Can include fixed infrastructure or rolling stock.
Rail	The project primarily serves to improve rail infrastructure, either intercity passenger or freight.
Maritime	The project is at or near a seaport or inland waterway and primarily serves to improve maritime transportation through improved connections to the surface transportation system.
Aviation	The project is at or near an airport and primarily serves to improve the surface transportation infrastructure.
Bicycle-Pedestrian	The primary project element serves to improve bicycle and/or pedestrian infrastructure.

Secondary Project Type Definitions

Road Projects

Bridge Repair/Replacement	The primary project element is the repair or replacement of a bridge, excluding road/rail grade separation projects.
ITS	The primary project elements consist of Intelligent Transportation Systems—the application of advanced information and communication technology to surface transportation.
New Capacity	The primary project elements create additional capacity for automobiles and trucks through the creation of new routes, the addition of lanes to preexisting routes, or other methods aimed at creating new capacity.
Road/Rail Crossing	The primary project elements create, improve, or expand a road or rail crossing.
Repair/Rehabilitation	The primary project elements consist of rehabilitating, repairing, or replacing preexisting road infrastructure.
Complete Streets	The primary project elements consist of modifying an existing corridor to make it safer and more welcoming to all users, including those walking, biking, driving automobiles, and riding public transportation.

Transit Projects

Bus	The primary project elements create, improve, or expand standard bus service.
Bus Rapid Transit	The primary project elements create, improve, or expand Bus Rapid Transit service.
Commuter Rail	The primary project elements create, improve, or expand commuter rail service.
ITS	The primary project elements consist of Intelligent Transportation Systems—the application of advanced information and communication technology to surface transportation.
Light Rail	The primary project elements create, improve, or expand light-rail rapid transit service.
Multimodal Center	The primary project elements create, improve, or expand a transit multimodal center which may serve to connect multiple transit modes.
Streetcar	The primary project elements create, improve, or expand rail transit service which operates primarily in mixed traffic.
Subway	The primary project elements create, improve or expand a heavy-rail high capacity rapid transit line.
Passenger Ferry	The primary project elements repair and modernize ferry boats, terminals, or related facilities and equipment.

Rail Projects

ITS	The primary project elements consist of Intelligent Transportation Systems—the application of advanced information and communication technology to surface transportation.
Repair/Rehabilitation	The primary project elements consist of rehabilitating, repairing, or replacing preexisting rail infrastructure.
Passenger Station Improvement	The primary project elements consist of creating, improving or expanding a station or stop serving intercity passenger rail.
Grade Crossing	The primary project elements consists of primarily addressing road/grade crossing issues.
Freight Intermodal Connector	The primary project elements create, improve, or expand the ability of freight to move on or off the rail network. Includes all cargo types.

Maritime Projects

Gate Improvements	The primary project elements improve the efficiency, safety, and security of truck movements into and out of the port.
ITS	The primary project elements consist of Intelligent Transportation Systems—the application of advanced information and communication technology to surface transportation.
New Capacity	The primary project elements increase the cargo handling capacity of the port, such as by expanding pier, wharf, or berthing areas.
Rail Access	The primary project elements include introducing or improving rail connections to the port, such as on-dock rail or adding rail intermodal capacity.
Freight Intermodal	The primary project elements create, improve, or expand the ability of freight to move.
Repair/Rehabilitation	The primary project elements consist of rehabilitating, repairing, or replacing preexisting maritime infrastructure.

Aviation Projects	
Road Access	The primary project elements improve the connections between an airport and public roads.
Rail Access	The primary project elements improve the connections between an airport and passenger rail.
Passenger Transit	The primary project elements improve passenger movement, such as light rail, monorail, and automated people mover systems.
Freight Intermodal	The primary project elements create, improve, or expand the ability of freight to move.
Bicycle-Pedestrian Projects	
Complete Streets	The primary project elements consist of modifying an existing corridor to make it safer and more welcoming to all users, including those walking, biking, driving automobiles, and riding public transportation.
Road/Rail Crossing	The primary project elements create, improve, or expand a bicycle and/or pedestrian road or rail crossing.
Trail	The primary project elements create, improve, or expand new infrastructure for pedestrians and cyclists separated from motorized traffic.
New Capacity	The primary project elements consist of adding additional capacity to preexisting bicycle-pedestrian infrastructure.
